

Steelhead Fishing Experience

November 25, 2011 – March 31, 2012

Package based on two people sharing a room and fishing.

Enjoy a full day of river fishing on the Olympic Peninsula with author, fisherman and local historian, Pat Neal. Pat is a guide with a lifetime of experience fishing the west-end rivers; the last best place to catch a steelhead.

Your package includes:

- One night accommodation at the award-winning Quality Inn & Suites in Sequim
- Complimentary Quality Cafe® breakfast
- Drift boat fishing experience for two with Pat Neal including all equipment
- Complimentary signed copy of Pat's latest book

Enjoy a restful night and hot buffet breakfast before your fishing experience. This unique package will provide you the opportunity to fish in one of the most spectacular rivers of the Pacific Northwest and an opportunity to catch the elusive steelhead. All you need is your license. Pricing for the whole package is starting at \$200 per person and this is based on two people in the room.

This package is great for a guy's getaway or a father/son fishing adventure. Enjoy the Olympic Peninsula and take home the one that "got away" from the other fisherman!

Call (360) 683-2800 to make your reservation.
